

Quality policy

The management of AccuService s r.o. is announcing the following Quality Policy:

In order to increase the qualification, competitiveness, strategic orientation and productivity of work in our company, it is necessary to carry out all activities with regard to customer satisfaction. This will be achieved by carrying out all activities that have an impact on quality with respect to the organization context, flawlessly, systematically and effectively.

The pillars of our Policy are:

- Compliance with all mandatory requirements
- Continuous improvement of the quality management system
- Customer focus
- Risks elimination

To support the fulfillment of the Policy, the company management undertakes (with regards to economic aspects) to permanently secure the necessary material, financial, informational and other resources.

All employees are aware that the quality of our activities is paramount and necessary for our company. The level of quality must be high and lasting and will be the reason for winning further orders not only now but also in the future.

Our goal is:

"To be a reliable partner in developing our customers' production quality at a reasonable price."
